Annual Listing of Historic Properties

The National Historic Preservation Act of 1966, as amended (80 Stat. 915, 16 U.S.C. 470 et seq.), authorizes the Secretary of the Interior to expand and maintain a National Register of districts, sites, buildings, structures and objects significant in American history, architecture, archeology, engineering and culture. The National Park Service expands and maintains the National Register of Historic Places for the Secretary.

It is the purpose of this notice, through publication of the information included herein, to apprise the public, as well as governmental agencies, associations, and all other organizations and individuals interested in historic preservation of the properties added to the National Register between October 1, 1981 and September 30, 1982, and of the properties determined eligible for inclusion in the National Register from December 1, 1981 to September 30, 1982 and of those omitted in the list published February 2, 1982.

For a cumulative listing comprising all properties on the National Register, we recommend that users retain the Federal Register listings from February 6, 1979 (Vol. 44, No. 26, Part II); March 18, 1980 (Vol. 45, No. 54, Part II); February 3, 1981 (Vol. 45, No. 54, Part II); and February 2, 1982 (Vol. 47, No. 22, Part III). Together these listings provide information for all National Register properties and for properties determined eligible for inclusion on the National Register through November, 1982. A limited number of copies of the 1979, 1980, 1981 and 1982, Federal Register Part II are available from the Department of the Interior, National Park Service, National Register of Historic Places, 18th and C Sts., NW., Washington, D.C. 20240.

if any changes have been made to the Code of Federal Regulations or what documents have been published in the Federal Register without reading the Federal Register every day? If so, you may wish to subscribe to the *LSA (List of CFR Sections Affected)*, the *Federal Register Index*, or both.

LSA • List of CFR Sections Affected

The LSA (List of CFR Sections Affected) is designed to lead users of the Code of Federal Regulations to amendatory actions published in the Federal Register. The LSA is issued monthly in cumulative form. Entries indicate the nature of the changes—such as revised, removed, or corrected.

\$20.00 per year

Federal Register Index

The Index, covering the contents of the daily Federal Register, is issued monthly in cumulative form. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references.

\$21.00 per year

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.

Note to FR Subscribers:
FR Indexes and the LSA (List of CFR Sections Affected) are mailed automatically to regular FR subscribers.
